2. TAROT CARD

What Is Tarot?

Tarot is a symbolic system comprising a 78-card deck used for introspection, guidance, and divination. Each card is rich in imagery and symbolism, facilitating insights into various aspects of life. While commonly associated with fortune-telling, tarot serves as a tool for self-reflection and personal growth.

Origins of Tarot

Tarot cards originated in 15th-century Italy, initially designed for a game called "tarocchi." The Visconti-Sforza deck, commissioned by the Duke of Milan, is among the earliest known tarot decks. It wasn't until the late 18th century that tarot began to be used for divination purposes, evolving into the spiritual and introspective tool recognized today.

Structure of a Tarot Deck

A standard tarot deck consists of 78 cards, divided into:

- **Major Arcana (22 cards):** Represent significant life events and spiritual lessons.
- **Minor Arcana (56 cards):** Depict everyday situations and are divided into four suits:
 - **Wands:** Creativity and action.
 - **Cups:** Emotions and relationships.
 - **Swords:** Intellect and conflict.
 - **Pentacles:** Material aspects and career.

Each suit contains ten numbered cards and four court cards: Page, Knight, Queen, and King.

Tarot Reading Classes

We are taking this course in two parts ie Basic (10 days) and Advance (15 Days)

Charges for basic is Rs. 991/- and for Advance is Rs. 5100/-

- **We Teach Rider-Waite Tarot:** The most popular and widely used deck, known for its rich symbolism
